### LET'S CELEBRATE GOOD TIME

Hi All

Are you excited yet? If not get Excited because it's time for our Annual "Come Home to Keyville", it's a busy time for the City of Keyville, and this year is no different. The Activity Committee has been working extremely hard for several months to make this event enjoyable to all.

Our theme this year is "Fiesta in the City" a time of celebration with family and friends far and near. We celebrate the sawmill and the railroad when it was our main source of income, we celebrate our city streets lined with wooden houses painted pink, green, yellow, blue, and white. Some were made of bricks and while others were made of blocks. The vibrant colors added so much flavor to our city.

We celebrate change, a time when the city came together to demand a greater portion of what Georgia had to offer. We celebrate the struggle and all of the heroes and she-roes of the reactivation era. We celebrate those who have worked and continue to work to keep our community strong.

So C'mon, Let's stay true to our theme and have a party of Love, Friendship, and Forgiveness. A party of Respect, Positive Attitudes, and Kindness. Sorry all you PETTY folks, Negative attitudes, old grudges, hearts of hatred and unforgiveness can really ruin a good party, so we've added a "NO PETTY ZONE." Stay focused, stay positive, keep smiling, and remember I love you and there nothing you can do about that. See you at the Fiesta!!!!

*Mayor Linda Wilkes-Davis*

### SPECIAL THANKS

I have never met a family who has worked so hard and are so dedicated to making a dream come true. Stepping out on 100% faith in God. Pastor Wall, your lovely wife, and children are an inspiration. You are a living testimony of what faith and works can do. May God continue to richly bless you and may all of your dreams come true.

*Mayor Linda Wilkes-Davis*

A Brand-new place to shoot hoop.

It is a fact we are losing so many of our kids to other street-related type activity, and when we can do things that can bring them together in some type of organized sports, organized-type environment, we can save our kids.

Thanks to the Mayor, City Council and our Administration staff, got together and put their minds together and decided to put a new state-of-the-art designed basketball court at the park for our youth/community.

Our SPLOST continued improvement to the park construction a new Basketball court. Yes, we have a state-of-the-art designed court; our experienced engineers created a safe place for your family to laugh, play, and build a lifetime of memories.

*Meshery Pollard, City Administrator*
